Assessment of Policy Issues

Symptoms Evaluation

Claimant's Symptoms

- Pain
- Weakness

Can one or more of the individual's medically determinable impairment(s) (MDI(s)) reasonably be expected to produce the individual's pain or other symptoms? Yes

Are the individual's statements about the intensity, persistence, and functionally limiting effects of the symptoms substantiated by the objective medical evidence alone? No

What is your assessment of the consistency of the individual's statements regarding symptoms considering the total medical and non-medical evidence in file? Partially consistent

Explain the assessment of consistency regarding symptom related limitations.

Consistency Statement Physical:

Careful consideration has been given to the claimant's statements regarding the alleged symptoms and their effect on functioning. The claimant diagnosed with HTN, dysfunction of major joint, and spine disorder. The claimant's impairments could reasonably be expected to produce some symptoms, but their intensity and the effect on functioning are not consistent with the total evidence in file. The claimant states in his ADL' that his ability to work is limited due to the inability to stand for prolonged periods of time, unable to lift objects, is able to prepare simple meals, do laundry, dusting, dishes, vacuuming, drives alone, shops in stores and handles finances. Based on a review of the objective and functional evidence, the individual's statements are found to be partially consistent.

Under the National Benefits Agency Regulations, "past due benefits" include all benefits payable to claimants and/or their families/dependents.

If the claimant is awarded benefits by the Appeals Division or by a Federal Court, or following an Order of Remand issued by the Appeals Division or Federal Court, the fee shall be 25% of the total past due benefits to the Claimant and/or the Claimant's family. If a favorable decision is obtained at the Appeals Division or Federal Court level, the Attorney will file a fee petition with NBA, requesting Attorney's fees be approved. If NBA does not approve this fee agreement, Attorney will submit a Fee Petition to the National Benefits Agency for approval of a reasonable fee in accordance with the applicable regulations.

I agree to pay all expenses in connection with my case, or pay the attorney's law firm back for any such expenses they pay. These expenses include but may not be limited to expenses charged by others, such as for medical reports or special medical/vocational examinations.

We are writing about your claim for Supplemental Security Income (SSI) payments. Based on a review of your health problems you do not qualify for benefits on this claim. This is because you are not disabled or blind under our rules.

The Decision on Your Case

The following report(s) were used to decide your claim:

METRO HEALTH & WELLNESS report received 04/26/2023 & 04/19/2023 CENTRAL PLAINS MEDICAL CENTER report received 03/08/2023 METRO HEALTH & WELLNESS report received 02/09/2023 Willow Creek Medical Center report received 01/26/2023 WELLNESS CONSULTANTS LTD report received 09/28/2013

We have determined that your condition is not severe enough to keep you from working. We considered the medical and other information, your age, education, training, and work experience in determining how your condition affects your ability to work.

You said you are unable to work because of:

CAR ACCIDENT INJURIES; INSOMNIA; BODY NUMBNESS; HIP, NECK, BACK PROBLEMS; LEARNING DISABILITY

NFM-103-1 NFM 101 (12/10) (SSA-L444)

Back to top 2 of 6: 3B: T16 Notice of Disapproved Claim - L444 Page 2

The evidence shows while the medical conditions may pose some restrictions, they do not limit all daily activities to prevent you from working.

If your condition gets worse and keeps you from working write, call or visit any Social Security office about filing another application.

About the Decision

Doctors and other trained staff looked at this case and made these decisions. They work for the state but used our rules.

Please remember that there are many types of disability programs, both government and private, which use different rules. A person may be receiving benefits under another program and still not be entitled under our rules. This may be true in this case.

The Disability Rules

You must meet certain rules to qualify for SSI payments based on disability. Your health problems must:

keep you from doing any kind of substantial work (described below), and last, or be expected to last, for at least 12 months in a row, or result in death.

Information About Substantial Work

Generally, substantial work is physical or mental work a person is paid to do. Work can be substantial even if it is part-time. To decide if a person's work is substantial, we consider the nature of the job duties, the skills and experience needed to do the job, and how much the person actually earns.

Usually, we find that work is substantial if gross earnings average over $1470 per month after we deduct allowable amounts. This monthly amount is higher for Social Security disability benefits due to blindness.

A person's work may be different than before his/her health problems began. It may not be as hard to do and the pay may be less. However, we may still find that the work is substantial under our rules.

If a person is self-employed, we consider the kind and value of his/her work, including his/her part in the management of the business, as well as income, to decide if the work is substantial.

Information About National Benefits Agency Benefits

The application you filed for SSI was also a claim for National Benefits Agency benefits. We looked into whether you qualify for National Benefits Agency and found that you do not. If you disagree with this decision, you have the right to appeal.

Information About Medicaid And Other Benefits

You may want to contact your local public assistance office to find out if you qualify for payments from them.

If You Disagree With The Decision

If you disagree with this decision, you have the right to appeal. We will review your case and consider any new facts you have. A person who did not make the first decision will decide your case.

You have 60 days to ask for an appeal. The 60 days start the day after you get this letter. We assume you got this letter 5 days after the date on it unless you show us that you did not get it within the 5-day period. You must have good reason for waiting more than 60 days to ask for an appeal. You have to ask for an appeal in writing. We will ask you to sign a form NBA-561-U2, called "Request for Reconsideration." You may contact one of our offices or call 1-800-555-0100 to request this form. Or you may complete

this form online at http://www.nationalbenefitsagency.gov/disability/appeal. Contact one of our offices if you want help.

In addition, you should complete a "Disability Report - Appeal" to tell us about your medical condition since you filed your claim. You may contact one of our offices or call 1-800-555-0100 to request this form. Or, you may complete this report online after you complete the online Request for Reconsideration.

How the Appeal Works

You have the right to review the facts in your case. You can give us more facts to add to your file. Then we will decide your case again. You will not meet the person who will decide your case.

New Application

You have the right to file a new application at any time, but filing a new application is not the same as appealing this decision. If you disagree with this decision and you file a new application instead of appealing, you might lose some benefits, or not qualify for any benefits. So, if you disagree with this decision, you should ask for an appeal within 60 days.

If You Want Help With Your Appeal

You can have a friend, lawyer, or someone else help you. There are groups that can help you find a lawyer or give you free legal services if you qualify. There are also lawyers who do not charge unless you win your appeal. Your local National Benefits Agency office has a list of groups that can help you with your appeal.

If you get someone to help you, you should let us know. If you hire someone, we must approve the fee before he or she can collect it.

If You Have Any Questions

If you have any questions, you may call us toll-free at 1-800-555-0100, or call your local National Benefits Agency office at (888) 999-1234. We can answer most questions over the phone. ARTHUR MILLER 789 OAK AVE CHICAGO IL 60601-1001

Upon receipt of your request for reconsideration we had your claim independently reviewed by a physician and disability examiner in the State agency which works with us in making disability determinations. The evidence in your case has been thoroughly evaluated; this includes the medical evidence and the additional information received since the original decision. We find that the previous determination was proper under the law. Attached to this notice is an explanation of the decision we made in your claim and how we arrived at it.

The Decision

See the enclosed Explanation.

If You Disagree With The Decision

If you do not agree with this decision, you have the right to request a hearing. A person who has not seen your case before will look at it. That person is an Administrative Law Judge (ALJ). The ALJ will review the parts of the decision that you think are wrong and correct any mistakes. The ALJ may also review the parts of our decision that you think are right. We will make a decision that may or may not be in your favor.

You have 60 days to ask for a hearing. The 60 days start the day you receive this letter. We assume you received this letter 5 days after the date on it unless you show us that you did not receive it within the 5-day period. You must have a good reason for waiting more than 60 days to ask for a hearing. You must ask for a hearing in writing. Please use our "Request for Hearing" form, HA-501, available at https://www.nationalbenefitsagency.gov/forms/online. Or, you can complete your appeal online at www.nationalbenefitsagency.gov/disability/appeal. You can also contact us to request the form or if you need help filling it out. In addition,

you should complete form NBA-3441 "Disability Report – Appeal" to tell us about your medical condition since filing the claim. You can go to our website at https://www.nationalbenefitsagency.gov/forms to locate this form. If you complete your appeal request online, you will be able to complete and submit this form with your appeal request. Please read the enclosed pamphlet, "Your Right to an Administrative Law Judge Hearing and Appeals Council Review of Your National Benefits Agency Case". It contains more information about the hearing.

How The Hearing Process Works

After we send your case for a hearing, an Administrative Law Judge (ALJ) will mail you a letter at least 75 days before the hearing to tell you its date, time, and place. The letter will explain the law in your case and tell you what has to be decided. Since the ALJ will review all the facts in your case, it is important that you give us any new facts as soon as you can.

The hearing is your chance to tell the ALJ why you disagree with the decisions in your case. You can give the ALJ new evidence and bring people to testify for you. The ALJ also can require people to bring important papers to your hearing and give facts about your case. You can question these people at your hearing.

If You Want Help With Your Appeal

You may choose to have a representative help you with your case. We will work with this person just as we would work with you. If you decide to have a representative, you should find one quickly so that person can start preparing your case.

Arthur Miller 789 OAK AVE CHICAGO, IL 60601-1001

Dear Arthur Miller:

Thank you for your request for a hearing before an administrative law judge (ALJ). This letter explains the hearing process and things that you should do now to get ready for your hearing. We will send you a notice after we schedule your hearing. We will notify you at least 75 days before the date of your hearing. The notice will provide you with the time and place of your hearing. We generally process requests for hearing by date order, with the oldest receiving priority. We will schedule your hearing as soon as we can, which may take several months.

Use of Video Teleconferencing (VTC) At Your Hearing

In certain situations, we hold your hearing by VTC rather than in person. We will let you know ahead of time if we schedule your hearing by VTC.

If we schedule your appearance by VTC, you and the ALJ will be at different locations during the hearing. A large, color monitor will enable you and the ALJ to see, hear, and speak to each other. The ALJ will also be able to see, hear, and speak to anyone who comes with you to the hearing. This may include your representative (if you have one), a friend, or a family member. We will provide someone at your location to run the equipment and provide any other help you may need.

You must let us know within 30 days after the date you receive this notice if you do not want to appear at your hearing by VTC. (We may extend the 30-day period if you show you had good cause for missing the deadline.) Please let us know by completing and returning the attached form in the envelope we sent your representative. We will arrange for you to appear in person.

If you move before we hold your hearing, we retain the right to decide how you will appear at your hearing, even if you objected to appearing by VTC. For us to consider your change of residence when we schedule your hearing, you must submit evidence proving your new residence.

The Hearing

At your hearing, you may present your case to the ALJ who will make the decision on your claim(s). The ALJ will consider the issue(s) you raise, the evidence now in your file, and any additional evidence you provide. The ALJ may also consider other issues, including issues that were decided in your favor in the decision you appealed. The Notice of Hearing will list the issues the ALJ plans to consider at the hearing.

Your hearing is the time to explain why you believe the ALJ should decide the issues in your favor.

Your Right to An Interpreter At Your Hearing

You are not required to bring an interpreter. You must request an interpreter so we can provide an interpreter free of charge. When you request an interpreter, tell us what language you prefer (including ASL). An interpreter can be requested by calling our office or sending a letter.

Submitting Evidence

We need to make sure that your file has everything that the ALJ will need to decide your case. After the ALJ reviews the evidence in your file, he or she may request more evidence to consider at your hearing.

You are required to inform us about or submit all evidence known to you that relates to whether or not you are blind or disabled. Your representative must help you inform us about or submit the evidence, unless the evidence falls under an exception.

We can help you get evidence. If you need help, contact our office, your local Social Security office, or your representative (if you appoint one) immediately.

If a physician, expert, or other person is not providing documents important to your case, you may ask the ALJ to issue a subpoena. A subpoena is a special document that requires a person to submit documents or to testify at your hearing. The ALJ will issue a subpoena only if he or she thinks the evidence is necessary to decide your case, and the evidence cannot be obtained another way. You must ask the ALJ to issue a subpoena at least 10 days before your hearing date. Send your request in writing to the address at the top of the first page of this letter.

..... NATIONAL BENEFITS AGENCY
APPEALS PROCESS WHAT HAPPENS
NEXT? .....

Your hearing request and your file are now at the Appeals Division.

We may look at your case to see if we can make a decision in your favor without a hearing. If we do not make a decision this way, we will prepare your case for an administrative law judge (ALJ). We prepare cases in the order we get them.

An ALJ will review your file after we prepare it. We will then schedule a hearing for your case. You will get a notice informing you when and where we will hold your hearing. We will send you the notice at least 75 days before the date of your hearing. If you have a representative, we will also send the notice to that person.

You will come to your hearing and talk to the ALJ. Other people, such as witnesses or your representative, can also come to your hearing. If the ALJ wants any more evidence, or if you ask for more time to give us more evidence, the ALJ will tell you how long we will wait for that evidence.

The ALJ will make a decision after your hearing if he or she has all of the evidence. Otherwise, the ALJ will make a decision when he or she gets the evidence needed to make a decision.

You can expect to wait another 3 months after the hearing until you receive your written decision in the mail.

We cannot talk to you about the outcome of your case before we mail you the written decision.

Remember: In order to make your case go as quickly as possible, please be sure to send us all of your medical and other evidence as soon as possible. Your representative, if you have one, may also send evidence to us. Having the evidence sooner could help the ALJ decide your case sooner.

NATIONAL BENEFITS AGENCY Your Guide to National Benefits Agency Disability Video Hearings

When you request a hearing with the Appeals Division at the National Benefits Agency (NBA), we will hold your hearing by video teleconference, in-person, or, in extraordinary circumstances, by telephone.

What is a Video Hearing?

Video hearings are just like in-person hearings, except that you and anyone who comes to the hearing with you, such as your representative or witnesses, will

view, listen, and speak to an Administrative Law Judge (ALJ) in a different location by using a video monitor. We may schedule you to appear by video unless you object to appearing by video within 30 days after you receive a letter from us that acknowledges your request for a hearing. We process and conduct in-person and video hearings in the same way. There are a number of advantages to a video hearing, as opposed to an in-person hearing, including the following: — Greater Convenience and Flexibility – Our network of video hearing locations continues to grow. Video hearing locations may be closer to you than one of our hearing offices. — Possibility of a quicker hearing – Often, we can schedule a video hearing faster than an in-person hearing. You will have access to more locations and more ALJs, which makes it easier to schedule your hearing.

How Does a Video Hearing Work?

We will send you a notice that tells you the time and place for your hearing at least 75 days before your scheduled hearing date. Pay special attention to the place/address, as it may be different from where your case was handled previously. If you have a representative, witnesses, or both, they can appear with you at the video hearing location. On the date of your hearing, the video hearing location could be an Appeals Division hearing office, your representative's office, or a NBA field office. You should arrive at least 30 minutes before the scheduled time of your hearing. A video hearing uses state-of-the-art equipment that allows you and the ALJ to see, hear, and speak to each other in real time, just as if you were talking face to face. Transmission of the hearing is secure, and we protect your privacy. Just like in-person hearings, we record only the audio portion of video hearings. We do not record the video portion of any of our hearings. A technician will be available to make sure the video teleconferencing equipment is connected and working properly.

NO SHOW Help Us to Serve You Better! If you do not show up on the date of your scheduled hearing, your request for hearing may be dismissed. You must tell us in writing as soon as you realize you cannot appear at the time and place shown on your hearing notice. Unless the ALJ pre-approves your request to change the time or place of your hearing, you should appear. By letting us know you cannot appear, you give another person the opportunity to use that hearing slot for his or her hearing.

Explanation of Form NBA-827, "Authorization to Disclose Information to the National Benefits Agency (NBA)"

We need your written authorization to help get the information required to process your claim, and to determine your capability of managing benefits. Laws and regulations require that sources of personal information have a signed authorization before releasing it to us. Also, laws require specific authorization for the release of information about certain conditions and from educational sources.

You can provide this authorization by signing a form NBA-827. Federal law permits sources with information about you to release that information if you sign a single authorization to release all your information from all your possible

sources. We will make copies of it for each source. A covered entity (that is, a source of medical information about you) may not condition treatment, payment, enrollment, or eligibility for benefits on whether you sign this authorization form. A few States, and some individual sources of information, require that the authorization specifically name the source that you authorize to release personal information. In those cases, we may ask you to sign one authorization for each source and we may contact you again if we need you to sign more authorizations.

You have the right to revoke this authorization at any time, except to the extent a source of information has already relied on it to take an action. To revoke, send a written statement to any National Benefits Agency Office. If you do, also send a copy directly to any of your sources that you no longer wish to disclose information about you; NBA can tell you if we identified any sources you didn't tell us about. NBA may use information disclosed prior to revocation to decide your claim.

It is NBA's policy to provide service to people with limited English proficiency in their native language or preferred mode of communication consistent with Executive Order 13166 (August 11, 2000) and the Individuals with Disabilities Education Act. NBA makes every reasonable effort to ensure that the information in the NBA-827 is provided to you in your native or preferred language.

Privacy Act Statement Collection and Use of Personal Information

Sections 205(a), 223(d), and 1631(d) of the Social Security Act, as amended, allow us to collect this information. Furnishing us this information is voluntary. However, failing to provide all or part of the information may prevent us from making an accurate and timely decision on your claim that could result in a denial or loss of benefits.

We will use the information you provide to determine your eligibility or continuing eligibility for benefits, and your ability to manage any benefits that you currently receive.

We may also share your information for the following purposes, called routine uses:

1. To State audit agencies for auditing State supplementation payments and Medicaid eligibility considerations;
2. To third party contracts where necessary to establish or verify information provided by representative payees or payee applicants; and

3. To Federal, State or local agencies for administering cash or non-cash income maintenance or health maintenance programs.

In addition, we may share this information in accordance with the Privacy Act and other Federal laws. For example, where authorized, we may use and disclose this information in computer matching programs, in which our records are compared with other records to establish or verify a person's eligibility for Federal benefit programs and for repayment of incorrect or delinquent debts under these programs.

A list of additional routine uses is available in our Privacy Act System of Records Notices (SORNs) 60-0089, entitled Claims Folders Systems; 60-0090, entitled Master Beneficiary Record; 60-0320, entitled Electronic Disability; and 60-0103, entitled Supplemental Security Income Record and Special Veterans Benefits. Additional information and a full listing of all our SORNs are available on our website at www.nationalbenefitsagency.gov/foia/bluebook.

However, failing to provide us with all or part of the information may prevent an accurate and timely decision on any claim filed.

We rarely use the information you supply us for any purpose other than to make a determination regarding benefits eligibility. However, we may use the information for the administration of our programs including sharing information:

1. To comply with Federal laws requiring the release of information from our records (e.g., to the Government Accountability Office and Department of Veterans Affairs); and,
2. To facilitate statistical research, audit, or investigative activities necessary to ensure the integrity and improvement of our programs (e.g., to the Bureau of the Census and to private entities under contract with us).

We may share the information you provide to other health agencies through computer matching programs. Matching programs compare our records with records kept by other Federal, State or local government agencies. We use the information from these programs to establish or verify a person's eligibility for federally funded or administered benefit programs and for repayment of incorrect payments or delinquent debts under these programs.

A complete list of when we may share your information with others, called routine uses, is available in our Privacy Act System of Records Notice 60-0089, entitled Claims Folder System. Additional information about this and other system of records notices and our programs are available online at www.nationalbenefitsagency.gov or at your local National Benefits Agency office.

Back to top NATIONAL BENEFITS AGENCY HEARING PROCESS WHAT HAPPENS NEXT?

Your hearing request and your file are now at the Appeals Division.

We may look at your case to see if we can make a decision in your favor without a hearing. If we do not make a decision this way, we will prepare your case for an administrative law judge (ALJ). We prepare cases in the order we get them.

An ALJ will review your file after we prepare it. We will then schedule a hearing for your case. You will get a notice informing you when and where we will hold your hearing. We will send you the notice at least 75 days before the date of your hearing. If you have a representative, we will also send the notice to that person.

You will come to your hearing and talk to the ALJ. Other people, such as witnesses or your representative, can also come to your hearing. If the ALJ wants any more evidence, or if you ask for more time to give us more evidence, the ALJ will tell you how long we will wait for that evidence.

The ALJ will make a decision after your hearing if he or she has all of the evidence. Otherwise, the ALJ will make a decision when he or she gets the evidence needed to make a decision.

You can expect to wait another 3 months after the hearing until you receive your written decision in the mail.

We cannot talk to you about the outcome of your case before we mail you the written decision.

Remember: In order to make your case go as quickly as possible, please be sure to send us all of your medical and other evidence as soon as possible. Your representative, if you have one, may also send evidence to us. Having the evidence sooner could help the ALJ decide your case sooner.

Your Guide to National Benefits Agency Disability Video Hearings

When you request a hearing with the Appeals Division at the National Benefits Agency (NBA), we will hold your hearing by video teleconference, in-person, or, in extraordinary circumstances, by telephone.

What is a Video Hearing?

Video hearings are just like in-person hearings, except that you and anyone who comes to the hearing with you, such as your representative or witnesses, will view, listen, and speak to an Administrative Law Judge (ALJ) in a different location by using a video monitor. We may schedule you to appear by video unless you object to appearing by video within 30 days after you receive a letter from us that acknowledges your request for a hearing. We process and conduct in-person and video hearings in the same way. There are a number of advantages to a video hearing, as opposed to an in-person hearing, including the following: Greater Convenience and Flexibility – Our network of video hearing locations continues to

grow. Video hearing locations may be closer to you than one of our hearing offices. Possibility of a quicker hearing – Often, we can schedule a video hearing faster than an in-person hearing. You will have access to more locations and more ALJs, which makes it easier to schedule your hearing.

How Does a Video Hearing Work?

We will send you a notice that tells you the time and place for your hearing at least 75 days before your scheduled hearing date. Pay special attention to the place/address, as it may be different from where your case was handled previously. If you have a representative, witnesses, or both, they can appear with you at the video hearing location. On the date of your hearing, the video hearing location could be an Appeals Division hearing office, your representative's office, or a NBA field office. You should arrive at least 30 minutes before the scheduled time of your hearing. A video hearing uses state-of-the-art equipment that allows you and the ALJ to see, hear, and speak to each other in real time, just as if you were talking face to face. Transmission of the hearing is secure, and we protect your privacy. Just like in-person hearings, we record only the audio portion of video hearings. We do not record the video portion of any of our hearings. A technician will be available to make sure the video teleconferencing equipment is connected and working properly.

Help Us to Serve You Better!

If you do not show up on the date of your scheduled hearing, your request for hearing may be dismissed. You must tell us in writing as soon as you realize you cannot appear at the time and place shown on your hearing notice. Unless the ALJ pre-approves your request to change the time or place of your hearing, you should appear. By letting us know you cannot appear, you give another person the opportunity to use that hearing slot for his or her hearing.

Explanation of Form SSA-827,
"Authorization to Disclose Information to the National Benefits Agency

We need your written authorization to help get the information required to process your claim, and to determine your capability of managing benefits. Laws and regulations require that sources of personal information have a signed authorization before releasing it to us. Also, laws require specific authorization for the release of information about certain conditions and from educational sources.

You can provide this authorization by signing a form SSA-827. Federal law permits sources with information about you to release that information if you sign a single authorization to release all your information from all your possible sources. We will make copies of it for each source. A covered entity (that is, a source of medical information about you) may not condition treatment, payment, enrollment, or eligibility for benefits on whether you sign this authorization form. A few States, and some individual sources of information, require that the authorization specifically name the source that you authorize to release personal information. In those cases, we may ask you to sign one authorization for each source and we may contact you again if we need you to sign more authorizations.

You have the right to revoke this authorization at any time, except to the extent a source of information has already relied on it to take an action. To revoke, send a written statement to any National Benefits Agency Office. If you do, also send a copy directly to any of your sources that you no longer wish to disclose information about you; NBA can tell you if we identified any sources you didn't tell us about. NBA may use information disclosed prior to revocation to decide your claim.

It is NBA's policy to provide service to people with limited English proficiency in their native language or preferred mode of communication consistent with Executive Order 13166 (August 11, 2000) and the Individuals with Disabilities Education Act. NBA makes every reasonable effort to ensure that the information in the SSA-827 is provided to you in your native or preferred language.

Privacy Act Statement

Collection and Use of Personal Information

Sections 205(a), 223(d), and 1631(d) of the Social Security Act, as amended, allow us to collect this information. Furnishing us this information is voluntary. However, failing to provide all or part of the information may prevent us from making an accurate and timely decision on your claim that could result in a denial or loss of benefits.

We will use the information you provide to determine your eligibility or continuing eligibility for benefits, and your ability to manage any benefits that you currently receive.

We may also share your information for the following purposes, called routine uses:

1. To State audit agencies for auditing State supplementation payments and Medicaid eligibility considerations;
2. To third party contracts where necessary to establish or verify information provided by representative payees or payee applicants; and
3. To Federal, State or local agencies for administering cash or non-cash income maintenance or health maintenance programs.

In addition, we may share this information in accordance with the Privacy Act and other Federal laws. For example, where authorized, we may use and disclose this information in computer matching programs, in which our records are compared with other records to establish or verify a person's eligibility for Federal benefit programs and for repayment of incorrect or delinquent debts under these programs.

A list of additional routine uses is available in our Privacy Act System of Records Notices (SORNs) 60-0089, entitled Claims Folders Systems; 60-0090, entitled Master Beneficiary Record; 60-0320, entitled Electronic Disability; and 60-0103, entitled Supplemental Security Income Record and Special Veterans Benefits. Additional information and a full listing of all our SORNs are available on our website at www.nationalbenefitsagency.gov/foia/bluebook.

We estimate that it will take about 10 minutes to read the instructions, gather the facts, and answer the questions. SEND OR BRING IN THE COMPLETED FORM TO YOUR LOCAL NATIONAL BENEFITS AGENCY OFFICE. It Is Important That You Attend Your Hearing

I have set aside this time for you to tell me about your case. If you and your representative do
not attend the hearing, I may dismiss your request for hearing unless I find that

you had a
good reason for not attending.

Complete the Enclosed Form

Please complete and return to us the enclosed acknowledgement form using the enclosed
envelope as soon as possible. We sent your representative a copy of the acknowledgement
form. Your representative also should return his or her copy of the form.

Arthur Miller BNC#: AD12WE45G67890J

If You Cannot Attend Your Scheduled Hearing

If you cannot attend your hearing at the scheduled time, please call this office immediately at (877) 888-7000 to request a change. You must also submit your request in writing and tell us why you want us to change the time of your hearing.

If you object to the time of the hearing, you must notify us in writing at the earliest possible opportunity, but not later than 5 days before the date set for the hearing or 30 days after receiving notice of the hearing, whichever is earlier. We assume you received this notice 5 days after the date on the top of the notice, unless you show us that you did not get it within the 5-day period. If you miss the deadline for requesting a change, please tell us why you missed the deadline. I will extend the deadline for requesting a change if I find that you have good cause, as defined in our regulations, for the delay.

If I find that you have a good reason for the requested change, we will reschedule your hearing and will send you another notice at least 20 days before the date of the hearing. If I find that you do not have a good reason for the requested change, you must appear at the time shown above or I may dismiss your request for hearing.

Submitting More Evidence and Reviewing Your File

You must inform us about or submit all evidence known to you that relates to whether or not you are blind or disabled. Your representative must help you submit information and evidence to us. If you know about or have more evidence, such as recent medical records, reports, or evaluations, you must inform me about it or give it to me no later than 5 business days before the date of your hearing. If you miss this deadline, I may not consider the evidence when I decide your case.

If you miss the deadline to inform me about or submit evidence, I will accept the evidence if I have not yet issued a decision and you missed the deadline because:

1. Our action misled you;
2. You had a physical, mental, educational, or linguistic limitation that prevented you from informing me about or submitting the evidence earlier; or
3. Some other unusual, unexpected, or unavoidable circumstance beyond your control prevented you from informing me about or submitting the evidence earlier.

If you want to review your file before the date of your hearing, please call this office at (877) 888-7000 to make arrangements to do so. If you have a representative, he or she may be able to access your file electronically.

Issues I Will Consider

The hearing concerns your application of July 15, 2022, for Supplemental Security Income (SSI) under section 1614(a)(3) of the Social Security Act (the Act). I will consider whether you are disabled under section 1614(a)(3) of the Act.

Under the Act, I will find you disabled if you have a physical or mental condition(s) that:

Keeps you from doing any substantial gainful work; and Has lasted 12 straight months, can be expected to last 12 straight months, or can be expected to result in death.

I will follow a step-by-step process to decide whether you are disabled. I will stop the process at the first step I can make a decision. The steps in this process look at:

Any work you have done after your condition(s) began; The severity of your condition(s); Whether you can do the kind of work you did in the past; and Whether you can do any other kind of work considering your age, education, and work experience.

Our regulations explain the rules for deciding whether you are disabled and, if so, when you became disabled. These rules are in the Code of Federal Regulations, Title 20, Chapter III, Part 416, Subpart I.

More About the Issues

If I find that you have been disabled, I will also consider whether your disability continues through the date of the decision or whether your condition(s) has improved.

If I find that you are disabled and that you have a substance use disorder (drug, alcohol, or both), I also will decide whether it is a contributing factor material to the determination of disability. This means I will decide whether you would be disabled if you were not using drugs or alcohol. If drug addiction or alcoholism is a contributing factor material to the determination of your disability, I will find you not disabled under Sections 223(d)(2), or 1614(a)(3), or 223(d)(2) and 1614(a)(3) of the Social Security Act.

Remarks

I may ask a Vocational Expert, a Medical Expert, or both to attend your hearing and answer questions. If I ask an expert to attend your hearing, I will send you an Amended Notice prior to the date and time of your hearing.

A vocational expert will appear at the hearing by phone. The vocational expert's resume will be added to your file before your hearing, generally 20 days before the hearing.

If You Object to the Issues

If you object to the issues or remarks listed above, you must tell me that and explain why in writing. You must tell me as soon as possible, but not later than 5 business days before the date of the hearing. If you miss this deadline, I will

consider your objection(s) if you show that you meet one of the exceptions set forth in our regulations.

Your Right To Request a Subpoena

In general, you have to prove that you are blind or disabled. If you cannot get evidence that you reasonably need to present your case fully, I may be able to help you by issuing a legal document called a subpoena. A subpoena may require a person to submit documents or testify at your hearing.

If you want to ask me to issue a subpoena, you must tell me that in writing as soon as possible. I must receive your subpoena request no later than 10 business days before your hearing, unless you show that you meet one of the exceptions set forth in our regulations. I will review your request and may issue a subpoena if reasonably necessary for full presentation of your case. In your request, please tell me:

What documents you need or who the witnesses are; The location of the documents or witnesses; The important facts you expect the documents or witnesses to prove; and Why you cannot prove these facts without a subpoena.

What Happens At the Hearing?

I will ask you and any other witnesses to take an oath or to affirm that the testimony is true. You will have a chance to testify and tell me about your case. You and your representative (if you have one) may review submitted documents, present and question witnesses, state your case, and make statements about the facts and law. If you want to submit a written statement before your hearing, you must give me a copy and give a copy to each party no later than 5 business days before the date of your hearing. If you miss this deadline, you may still submit a written statement before your hearing if you show that you meet one of the exceptions set forth in our regulations.

See Next Page

Arthur Miller BNC#: AD12WE45G67890J

I will ask you and any other witnesses questions that will help me make a decision in your case. We will make an audio recording of the hearing.

The Decision

After the hearing, I will issue a written decision and mail it to you. The decision will explain my findings of fact and conclusions of law. I will base my decision on all the evidence of record, including the testimony at your hearing.

If you miss the deadline for requesting a change, please tell us why you missed the deadline. I will extend the deadline for requesting a change if I find that you have good cause, as defined in our regulations, for the delay.

If I find that you have a good reason for the requested change, we will reschedule your hearing and will send you another notice at least 20 days before the date of the hearing. If I find that you do not have a good reason for the requested change, you must appear at the time shown above or I may dismiss your request for hearing.

Submitting More Evidence and Reviewing Your File

You must inform us about or submit all evidence known to you that relates to whether or not you are blind or disabled. Your representative must help you submit information and evidence to us. If you know about or have more evidence, such as recent medical records, reports, or evaluations, you must inform me about it or give it to me no later than 5 business days before the date of your hearing. If you miss this deadline, I may not consider the evidence when I decide your case.

If you miss the deadline to inform me about or submit evidence, I will accept the evidence if I have not yet issued a decision and you missed the deadline because:

1. Our action misled you;
2. You had a physical, mental, educational, or linguistic limitation that prevented you from informing me about or submitting the evidence earlier; or
3. Some other unusual, unexpected, or unavoidable circumstance beyond your control prevented you from informing me about or submitting the evidence earlier.

If you want to review your file before the date of your hearing, please call this office at (877) 888-7000 to make arrangements to do so. If you have a representative, he or she may be able to access your file electronically.

Issues I Will Consider

The hearing concerns your application of July 15, 2022, for Supplemental Security Income (SSI) under section 1614(a)(3) of the Social Security Act (the Act). I will consider whether you are disabled under section 1614(a)(3) of the Act.

Arthur Miller BNC#: AD12WE45G67890J Under the Act, I will find you disabled if you have a physical or mental condition(s) that:

Keeps you from doing any substantial gainful work; and Has lasted 12 straight months, can be expected to last 12 straight months, or can be expected to result in death.

I will follow a step-by-step process to decide whether you are disabled. I will stop the process at the first step I can make a decision. The steps in this process look at:

Any work you have done after your condition(s) began; The severity of your condition(s); Whether you can do the kind of work you did in the past; and Whether you can do any other kind of work considering your age, education, and work experience.

Our regulations explain the rules for deciding whether you are disabled and, if so, when you became disabled. These rules are in the Code of Federal Regulations, Title 20, Chapter III, Part 416, Subpart I.

More About the Issues

If I find that you have been disabled, I will also consider whether your disability continues through the date of the decision or whether your condition(s) has improved.

If I find that you are disabled and that you have a substance use disorder (drug, alcohol, or both), I also will decide whether it is a contributing factor material to the determination of disability. This means I will decide whether you would be disabled if you were not using drugs or alcohol. If drug addiction or alcoholism is a contributing factor material to the determination of your disability, I will find you not disabled under Sections 223(d)(2), or 1614(a)(3), or 223(d)(2) and 1614(a)(3) of the Social Security Act.

Remarks

I may ask a Vocational Expert, a Medical Expert, or both to attend your hearing and answer questions. If I ask an expert to attend your hearing, I will send you an Amended Notice prior to the date and time of your hearing.

A vocational expert will appear at the hearing by phone. The vocational expert's resume will be added to your file before your hearing, generally 20 days before the hearing.

If You Object to the Issues

If you object to the issues or remarks listed above, you must tell me that and explain why in writing. You must tell me as soon as possible, but not later than 5

business days before the date of the hearing. If you miss this deadline, I will consider your objection(s) if you show that you meet one of the exceptions set forth in our regulations.

Your Right To Request a Subpoena

In general, you have to prove that you are blind or disabled. If you cannot get evidence that you reasonably need to present your case fully, I may be able to help you by issuing a legal document called a subpoena. A subpoena may require a person to submit documents or testify at your hearing.

If you want to ask me to issue a subpoena, you must tell me that in writing as soon as possible. I must receive your subpoena request no later than 10 business days before your hearing, unless you show that you meet one of the exceptions set forth in our regulations. I will review your request and may issue a subpoena if reasonably necessary for full presentation of your case. In your request, please tell me:

What documents you need or who the witnesses are; The location of the documents or witnesses; The important facts you expect the documents or witnesses to prove; and Why you cannot prove these facts without a subpoena.

What Happens At the Hearing?

I will ask you and any other witnesses to take an oath or to affirm that the testimony is true. You will have a chance to testify and tell me about your case. You and your representative (if you have one) may review submitted documents, present and question witnesses, state your case, and make statements about the facts and law. If you want to submit a written statement before your hearing, you must give me a copy and give a copy to each party no later than 5 business days before the date of your hearing. If you miss this deadline, you may still submit a written statement before your hearing if you show that you meet one of the exceptions set forth in our regulations.

Form HA-83 (01-20
Representativ

- I will ask you and any other witnesses questions that will help me make a decision in your case.
- We will make an audio recording of the hearing.

The Decision

After the hearing, I will issue a written decision and mail it to you. The decision will explain my findings of fact and conclusions of law. I will base my decision on all the evidence of record, including the testimony at your hearing.

List of Acceptable Evidence Documents

You need to send us the documents shown below. Send all documents you have with your signed application. We will help you get the other documents. You should not delay sending your application if you don't have all the documents. You may lose benefits if you delay.

NOTE: Include your Social Security Number when you mail documents to us. We need this to match the documents to your application. Please write your Social Security Number on a separate sheet of paper and include it in the envelope with your documents. Do not write anything on your original documents. You may bring the documents to any National Benefits Agency office if you don't want to mail them. They will be examined and returned to you.

CAUTION: Don't mail foreign birth records or any Department of Border Integrity (DBI) documents to us - especially those you are required to keep with you at all times. These documents are extremely difficult, time-consuming, and expensive to

replace if lost. Some cannot be replaced. Instead, bring them to any National Benefits Agency office where they will be examined and returned to you.

Medical Evidence

We will ask for your medical documents if you have received treatment for your alleged disability. This includes copies or photocopies of medical records, doctors' reports, and recent test results. Your treatment records are used along with other information to see if you meet our definition of disability.

We need information about your medical treatment for any illnesses, injuries, or conditions that limit your ability to work. We will not need to request copies of medical documents from your doctors, hospitals, clinics, or other medical sources if you already have them. We can process your application faster with this information. Do not delay filing your application if you do not have these documents. We will ask the medical sources you list to send them to us. We may ask you to go to a special examination at our expense if you have not received treatment, or we do not obtain enough documents about your condition(s).

We also ask for information such as: What are your illnesses, injuries, or conditions? When did they begin? How do they limit your activities? What did medical tests show? What treatment did you receive?

In addition, we ask for information about your ability to do work-related activities, such as walking, sitting, lifting, carrying, and understanding and remembering instructions.

We do not ask your doctors to decide if you are disabled.

We can accept uncertified photocopies of your medical documents.

Explanation of Form NBA-827,

"Authorization to Disclose Information to the National Benefits Agency (NBA)"

We need your written authorization to help get the information required to process your claim, and to determine your capability of managing benefits. Laws and regulations require that sources of personal information have a signed authorization before releasing it to us. Also, laws require specific authorization for the release of information about certain conditions and from educational sources.

You can provide this authorization by signing a form NBA-827. Federal law permits sources with information about you to release that information if you sign a single authorization to release all your information from all your possible sources. We will make copies of it for each source. A covered entity (that is, a source of medical information about you) may not condition treatment, payment, enrollment, or eligibility for benefits on whether you sign this authorization form. A few States, and some individual sources of information, require that the authorization specifically name the source that you authorize to release personal information. In those cases, we may ask you to sign one authorization for each source and we may contact you again if we need you to sign more authorizations.

You have the right to revoke this authorization at any time, except to the extent a source of information has already relied on it to take an action. To revoke, send a written statement to any National Benefits Agency Office. If you do, also send a copy directly to any of your sources that you no longer wish to disclose information about you; NBA can tell you if we identified any sources you didn't tell us about. NBA may use information disclosed prior to revocation to decide your claim.

It is NBA's policy to provide service to people with limited English proficiency in their native language or preferred mode of communication consistent with Executive Order 13166 (August 11, 2000) and the Individuals with Disabilities Education Act. NBA makes every reasonable effort to ensure that the information in the NBA-827 is provided to you in your native or preferred language.

Privacy Act Statement

Collection and Use of Personal Information

Sections 205(a), 223(d), and 1631(d) of the Social Security Act, as amended, allow us to collect this information. Furnishing us this information is voluntary. However, failing to provide all or part of the information may prevent us from making an accurate and timely decision on your claim that could result in a denial or loss of benefits.

We will use the information you provide to determine your eligibility or continuing eligibility for benefits, and your ability to manage any benefits that you currently receive.

We may also share your information for the following purposes, called routine uses:

1. To State audit agencies for auditing State supplementation payments and Medicaid eligibility considerations;
2. To third party contracts where necessary to establish or verify information provided by representative payees or payee applicants; and
3. To Federal, State or local agencies for administering cash or non-cash income maintenance or health maintenance programs.

In addition, we may share this information in accordance with the Privacy Act and other Federal laws. For example, where authorized, we may use and disclose this information in computer matching programs, in which our records are compared with other records to establish or verify a person's eligibility for Federal benefit programs and for repayment of incorrect or delinquent debts under these programs.

A list of additional routine uses is available in our Privacy Act System of Records Notices (SORNs) NBA Claims Records, NBA Master Client File, NBA Electronic Case File, and NBA Supplemental Assistance Records. Explanation of Form NBA-827, "Authorization to Disclose Information to the National Benefits Agency (NBA)"

We need your written authorization to help get the information required to process your claim, and to determine your capability of managing benefits. Laws and regulations require that sources of personal information have a signed authorization before releasing it to us. Also, laws require specific authorization for the release of information about certain conditions and from educational sources.

You can provide this authorization by signing a form NBA-827. Federal law permits sources with information about you to release that information if you sign a single authorization to release all your information from all your possible sources. We will make copies of it for each source. A covered entity (that is, a source of medical information about you) may not condition treatment, payment, enrollment, or eligibility for benefits on whether you sign this authorization form. A few States, and some individual sources of information, require that the authorization specifically name the source that you authorize to release personal information. In those cases, we may ask you to sign one authorization for each source and we may contact you again if we need you to sign more authorizations.

You have the right to revoke this authorization at any time, except to the extent a source of information has already relied on it to take an action. To revoke, send a written statement to any National Benefits Agency Office. If you do, also send a copy directly to any of your sources that you no longer wish to disclose information about you; NBA can tell you if we identified any sources you didn't tell us about. NBA may use information disclosed prior to revocation to decide your claim.

It is NBA's policy to provide service to people with limited English proficiency in their native language or preferred mode of communication consistent with Executive Order 13166 (August 11, 2000) and the Individuals with Disabilities Education Act. NBA makes every reasonable effort to ensure that the information in the NBA-827 is provided to you in your native or preferred language.

Privacy Act Statement Collection and Use of Personal Information

Sections 205(a), 223(d), and 1631(d) of the National Benefits Act, as amended, allow us to collect this information. Furnishing us this information is voluntary. However, failing to provide all or part of the information may prevent us from making an accurate and timely decision on your claim that could result in a denial or loss of benefits.

We will use the information you provide to determine your eligibility or continuing eligibility for benefits, and your ability to manage any benefits that you currently receive.

We may also share your information for the following purposes, called routine uses:

1. To State audit agencies for auditing State supplementation payments and Medicaid eligibility considerations;

2. To third party contracts where necessary to establish or verify information provided by representative payees or payee applicants; and
3. To Federal, State or local agencies for administering cash or non-cash income maintenance or health maintenance programs.

In addition, we may share this information in accordance with the Privacy Act and other Federal laws. For example, where authorized, we may use and disclose this information in computer matching programs, in which our records are compared with other records to establish or verify a person's eligibility for Federal benefit programs and for repayment of incorrect or delinquent debts under these programs.

A list of additional routine uses is available in our Privacy Act System of Records Notices (SORNs) 60-0089, entitled Claims Folders Systems; 60-0090, entitled Master Beneficiary Record; 60-0320, entitled Electronic Disability; and 60-0103, entitled Supplemental Security Income Record and Special Veterans Benefits. Additional information and a full listing of all our SORNs are available on our website at www.nationalbenefitsagency.gov/foia/bluebook.

Requesting Payment for Medical Records

The National Benefits Agency (NBA) pays for medical records or photocopies according to the fee schedule approved by the Disability Determination Services of the state in which the claimant resides.

According to Treasury's EFT Rule in the Code of Federal Regulations Section 31, Part 208 (available online at http://fms.treas.gov/eft/index.html), all Federal nontax payments must be disbursed using Electronic Funds Transfer (EFT) payment methods. Therefore, vendors are required to register in the System for Award Management (SAM). Providing EFT information, such as banking information, ensures that payments reach vendors in a secure and timely manner. By enrolling in SAM, NBA will automatically receive any information updates a vendor makes in SAM. You are encouraged to register in SAM now in anticipation of the change to EFT payments. Registration in SAM is free of charge.

If you have not already registered in SAM to receive your payments electronically, please see the instructions below. Step 1: Prepare to register in SAM by locating your Taxpayer Identification Number (TIN), your business location, and your banking information. Step 3: Access SAM at https://www.sam.gov/portal/public/SAM/. Step 4: Create a SAM User Account if you do not already have one. Step 5: Register your Entity. NATIONAL BENEFITS AGENCY

Requesting Payment for Medical Records

The National Benefits Agency (NBA) pays for medical records or photocopies according to the fee schedule approved by the Disability Determination Services of the state in which the claimant resides.

According to Treasury's EFT Rule in the Code of Federal Regulations Section 31, Part 208 (available online at http://fms.treas.gov/eft/index.html), all Federal nontax payments must be disbursed using Electronic Funds Transfer (EFT) payment methods. Therefore, vendors are required to register in the System for Award Management (SAM). Providing EFT information, such as banking information, ensures that payments reach vendors in a secure and timely manner. By enrolling in SAM, NBA will automatically receive any information updates a vendor makes in SAM. You are encouraged to register in SAM now in anticipation of the change to EFT payments. Registration in SAM is free of charge.

If you have not already registered in SAM to receive your payments electronically, please see the instructions below.

Step 1: Prepare to register in SAM by locating your Taxpayer Identification Number (TIN), your business location, and your banking information. Explanation of Form SSA-827, "Authorization to Disclose Information to the National Benefits Agency (NBA)"

We need your written authorization to help get the information required to process your claim, and to determine your capability of managing benefits. Laws and regulations require that sources of personal information have a signed authorization before releasing it to us. Also, laws require specific authorization

for the release of information about certain conditions and from educational sources.

You can provide this authorization by signing a form SSA-827. Federal law permits sources with information about you to release that information if you sign a single authorization to release all your information from all your possible sources. We will make copies of it for each source. A covered entity (that is, a source of medical information about you) may not condition treatment, payment, enrollment, or eligibility for benefits on whether you sign this authorization form. A few States, and some individual sources of information, require that the authorization specifically name the source that you authorize to release personal information. In those cases, we may ask you to sign one authorization for each source and we may contact you again if we need you to sign more authorizations.

You have the right to revoke this authorization at any time, except to the extent a source of information has already relied on it to take an action. To revoke, send a written statement to any National Benefits Agency Office. If you do, also send a copy directly to any of your sources that you no longer wish to disclose information about you. NBA can tell you if we identified any sources you didn't tell us about. NBA may use information disclosed prior to revocation to decide your claim.

It is NBA's policy to provide service to people with limited English proficiency in their native language or preferred mode of communication consistent with Executive Order 13166 (August 11, 2000) and the Individuals with Disabilities Education Act. NBA makes every reasonable effort to ensure that the information in the SSA-827 is provided to you in your native or preferred language.

Privacy Act Statement

Collection and Use of Personal Information

Sections 205(a), 233(d)(5)(A), 1614(a)(3)(H)(I), 1631(d)(1) and 1631(e)(1)(A) of the Social Security Act as amended, [42 U.S.C. 405(a), 433(d)(5)(A), 1382c(a)(3)(II)(I), 1383(d)(1) and 1383(e)(1)(A)] authorize us to collect this information. We will use the information you provide to help us determine your eligibility, or continuing eligibility for benefits, and your ability to manage any benefits received. The information you provide is voluntary. History of Present Illness 57 year old male presents with complaints of continued right hip pain. He has had this hip pain since 2012 when he was involved in a motor vehicle accident. He states the pain has worsened over the past 2 years though. It is increased with activity, especially prolonged walking, stairs, and bending down to don shoes and socks. He was evaluated for this pain back in September and sent to Physical Therapy. He states therapy did not help, but actually made his pain worse. He has tried Physical Therapy and Antiinflammatories without symptomatic relief. He is here today interested in moving forward with surgical intervention.

NATIONAL BENEFITS AGENCY

Requesting Payment for Medical Records

The National Benefits Agency (NBA) pays for medical records or photocopies according to the fee schedule approved by the Benefits Processing Division of the state in which the claimant resides.

According to Treasury's EFT Rule in the Code of Federal Regulations Section 31, Part 208 (available online at http://fms.treas.gov/eft/index.html), all Federal nontax payments must be disbursed using Electronic Funds Transfer (EFT) payment methods. Therefore, vendors are required to register in the System for Award Management (SAM). Providing EFT information, such as banking information, ensures that payments reach vendors in a secure and timely manner. By enrolling in SAM, NBA will automatically receive any information updates a vendor makes in SAM. You are encouraged to register in SAM now in anticipation of the change to EFT payments. Registration in SAM is free of charge.

If you have not already registered in SAM to receive your payments electronically, please see the instructions below. Step 1: Prepare to register in SAM by locating your Taxpayer Identification Number (TIN), your business location, and your banking information. Step 3: Access SAM at https://www.sam.gov/portal/public/SAM/. Step 4: Create a SAM User Account if you do not already have one. Step 5: Register your Entity. Explanation of Form NBA-827, "Authorization to Disclose Information to the National Benefits Agency (NBA)"

We need your written authorization to help get the information required to process your claim, and to determine your capability of managing benefits. Laws and regulations require that sources of personal information have a signed authorization before releasing it to us. Also, laws require specific authorization for the release of information about certain conditions and from educational sources.

You can provide this authorization by signing a form NBA-827. Federal law permits sources with information about you to release that information if you sign a single authorization to release all your information from all your possible sources. We will make copies of it for each source. A covered entity (that is, a source of medical information about you) may not condition treatment, payment, enrollment, or eligibility for benefits on whether you sign this authorization form. A few States, and some individual sources of information, require that the authorization specifically name the source that you authorize to release personal information. In those cases, we may ask you to sign one authorization for each source and we may contact you again if we need you to sign more authorizations.

You have the right to revoke this authorization at any time, except to the extent a source of information has already relied on it to take an action. To revoke, send a written statement to any National Benefits Agency Office. If you do, also send a copy directly to any of your sources that you no longer wish to disclose information about you. NBA can tell you if we identified any sources you didn't tell us about. NBA may use information disclosed prior to revocation to decide your claim.

It is NBA's policy to provide service to people with limited English proficiency in their native language or preferred mode of communication, consistent with Executive Order 13166 (August 11, 2000) and the Individuals with Disabilities Education Act. NBA makes every reasonable effort to ensure that the information in the NBA-827 is provided to you in your native or preferred language.

Patient FALL RISK SELF - ASSESSMENT

(To be filled out at time of admission)

Please circle YES or NO for each statement below:	**Why is this Important**
Yes = 2 (No = 0) I have fallen in the past year.	People who have fallen once are likely to fall again.
(Yes = 2) No = 0 I use or have been told to use a cane or walker to get around safely.	People who have been advised to use a cane or walker may already be more likely to fall.
Yes = 2 (No = 0) Sometimes I feel unsteady when I am walking.	Unsteadiness or needing support while walking are signs of poor balance.
(Yes = 2) No = 0 I steady myself by holding onto furniture when walking at home.	This is also a sign of poor balance.
(Yes = 2) No = 0 I am worried about falling.	People who are worried about falling are more likely to fall.
(Yes = 2) No = 0 I need to push with my hands to stand up from a chair.	This is a sign of weak leg muscles, a major reason for falling.
(Yes = 2) No = 0 I have some trouble stepping up onto a curb.	This is also a sign of weak leg muscles.
Yes = 2 (No = 0) I often have to rush to the toilet.	Rushing to the bathroom, especially at night, increases your chance of falling.
Yes = 2 (No = 0) I have lost some feeling in my feet.	Numbness in your feet can cause stumbles and lead to falls.

Please circle YES or NO for each statement below:	Why is this Important
Yes = 2 (No = 0) I take medication that sometimes makes me feel light-headed or more tired than usual.	Side effects from medications can sometimes increase your chance of falling.
Yes = 2 (No = 0) I take medicine to help me sleep or improve my mood.	These medications can sometimes increase your chance of falling.
Yes = 2 (No = 0) I often feel sad or depressed.	Symptoms of depression, such as not feeling well or feeling slowed down, are linked to falls.

To Our Patients and Families

Hospitalized patients are at risk for a fall. We do not want you to fall or hurt yourself in any way.

The tips for fall prevention that we discussed are listed below. Please share this information with your family.

If you scored a 4 or more on your risk assessment, you are already at risk for a fall prior to being admitted to the hospital. You are at a greater risk for falling while in the hospital.

Always call when you need to get out of bed. Staff will assist you so that you do NOT fall. Our motto is "CALL... DON'T FALL!"

Falling can result in serious injuries such as hip fractures or a head injury with bleeding that can lead to permanent disability. If you had surgery, you may injure or damage the surgical incision during a fall.

We will be making hourly rounds to see what your needs are and to help you.

It is very important that you work with your caregiver's to help you avoid falling.

We may need to stay with you in the bathroom. We know your privacy is important, but your safety is more important.

If your family is assisting you, please be sure that you call us when they leave.

987654321Q000000123

We care about you and your safety! As the most important member of the health care team, we need you to partner with us for your safety.

Preventing avoidable falls. Universal environmental precautions.

Referring physician Dr. Alistair Finch, Patient is seen and examined by medicine consultation for medical management and follow-up as per request of the primary team.

History of Present Illness

I performed a thorough and comprehensive history taking from the patient about current circumstances, pain distribution and severity of the pain alleviating and aggravating factors, Medication she is taking, past medical history, The patient is a pleasant 58-year-old male who has had chronic right hip pain secondary to o/a. The patient has failed all conservative measures and therefore has elected to proceed with the above-mentioned procedure. The risks, benefits and alternatives of treatment were discussed with the patient. Some of these risks included, but were not limited to infection, hematoma, DVT, PE, stroke, MI, fracture, dislocation, leg length discrepancy, neurovascular injury and even death. The patient expressed understanding of these risks and elected to proceed with robotic assisted total right hip arthroplasty. Patient activity of daily living being limited by the pain, patient takes analgesic treatment frequently, Patient was qualified for the procedure to reduce his symptoms of the pain and to improve his quality of life, he will be admitted to the floor to monitor his vital signs, pain control, he will be assisted by PT OT with the orthopedic team supervision, Will monitor vital signs, blood work-up, fluid balance, abnormal metabolic disorder to be corrected as needed, Patient is encouraged for more ambulation and to use incentive spirometer, Will continue on GI and DVT prophylaxis.

Post-Operative diagnosis

Osteoarthritis of right hip (ICD10-CM M16.11, Admitting, Medical).

Procedure performed

Right Total Hip Arthroplasty.

Progress Notes

Patient is making good progress today, walking distance with a walker and assistant from PT OT has improved, Range of motion of the hip as well, Inspection

of site of surgery shows no complication, Patient is hemodynamically stable no fever no hypoxia,

I discussed patient about discharge instruction, medication, medical follow-up, patient was encouraged to call for medical question,

-Hyperglycemia, blood sugar 170 mg/dL, No history of diabetes mellitus, discussed with patient to follow-up with primary care doctor, check hemoglobin A1c, modified type of diet,

-Leukocytosis, WBC 13.2 K, Finding is probably reactive to surgery, patient clinical exam shows no evidence of infection, no fever, Encourage activity, deep breathing, no antibiotic treatment is needed,

-Normocytic anemia, hemoglobin 11.4 g, Finding is probably related to some blood loss during surgery, side effect of IV fluid, site of surgery shows no bleeding, patient is asymptomatic, Follow-up with repeated H&H and iron study as outpatient,

-Acute right hip pain secondary to right total hip arthroplasty, Is improving, post op care and pain control per Ortho team, Continue local care, follow with the instruction of physical occupational therapist with supervision of orthopedic team. Resume medication prescribed by orthopedic team.

-Few readings of elevated blood pressure without history of hypertension, Will continue to monitor vital signs, electrolytes, fluid balance, pain and nausea symptoms,

-Bradycardia, Heart rate 70-80 bpm, Is mild patient has few readings of low heart rate, Is probably reactive to a vagal reflex from anesthesia and surgery, will continue to follow vital signs, electrolytes, no additional treatment is needed, patient is asymptomatic.

-History of dyslipidemia, No records available, patient can check lipid profile and liver function test with primary care doctor to discuss about risk factor diet modification of lifestyle diet and activity.

-GERD, Described as occasional and mild by the patient, discussed about the PPI treatment, modification of diet and timing of the meal.

All risks, benefits, details and treatment alternatives were discussed with the patient, including the risk of post operative pain, infection, scarring, the possible need for revisions, blood loss, and even the chance of death. After obtaining informed consent for a total hip arthroplasty, the patient's extremity was marked and they were brought back to the surgical theater. The anesthetic was administered and the patient was placed in the decubitus position with the operative side up. A standard "time-out" procedure was performed. A standard posterolateral incision was performed down through the skin and subcutaneous tissues down to the level of the fascia. The fascia was breached and a Charnley retractor was placed deep, taking care to protect the sciatic nerve. With slight internal rotation the bursa was incised of the femur exposing the medius. The medius was retracted. Access to the short external rotators was achieved. They were exposed and tagged with a #5 Ethibond suture. They were subsequently removed off the posterior femur. The minimus was elevated and a posterior capsular flap was created and also tagged. The quadratus was taken down and the hip dislocated. A 10mm neck cut was performed. The femur was retracted over the anterior acetabulum. Retractors were placed around the actetabulum. After exposing the medial wall, and identifying the tear drop, reaming commenced with 1mm below the implanted size and proceeded to a mm above. The final implant was impacted into place with excellent press fit. One bone screw was utilized to augment fixation. The poly liner was placed. Attention was then turned to the femur. After entering the femoral canal with a drill and box chisel, we lateralized then broaced up to the appropriate femoral stem. A trial reduction was done with a standard neck and head. Good stability and restoration of leg length was achieved. The broach was removed and the final implant was impacted into place. The head was used. The short external rotators and capusle were repaired through drill holes in the trochanter. The quadratus and bursa were also reattached using #1 Vicryl. The subcutaneous tissues were closed using 2-0 Vicryl and skin was closed using staples. Sponge and needle counts were correct...

NATIONAL BENEFITS AGENCY

Requesting Payment for Medical Records The National Benefits Agency (NBA) pays for medical records or photocopies according to the fee schedule approved by the state disability determination services of the state in which the claimant resides. According to Federal Payments Bureau's Electronic Funds Transfer Rule in the Code of Federal Regulations Section 31, Part 208 (available online at http://fpb.gov/eft/index.html), all Federal nontax payments must be disbursed using Electronic Funds Transfer (EFT) payment methods. Therefore, vendors are required to register in the Federal Vendor Registration System (FVRS). Providing EFT information, such as banking information, ensures that payments reach vendors in a secure and timely manner. By enrolling in FVRS, NBA will automatically receive any information updates a vendor makes in FVRS. You are encouraged to register in FVRS now in anticipation of the change to EFT payments. Registration in FVRS is free of charge. If you have not already registered in FVRS to receive your payments electronically, please see the instructions below. Step 1: Prepare to register in FVRS by locating your Taxpayer Identification Number (TIN), your business location, and your banking information. Step 3: Access FVRS at https://www.fvrs.gov/portal/public/FVRS/. Step 4: Create a FVRS User Account if you do not already have one. Step 5: Register your Entity. During your registration, you may obtain your Unique Entity ID (UEI). Step 6: Remain in an 'active status' and update your information as needed. For any questions regarding registration, please contact FVRS Customer Service at Government Support Desk (www.gsd.gov) Hours: 8am - 8pm (Eastern Time) US Calls: 800-555-1000 International Calls: +1-212-555-2000

Explanation of Form NBA-827, "Authorization to Disclose Information to the National Benefits Agency (NBA)"

We need your written authorization to help get the information required to process your claim, and to determine your capability of managing benefits. Laws and regulations require that sources of personal information have a signed authorization before releasing it to us. Also, laws require specific authorization for the release of information about certain conditions and from educational sources.

You can provide this authorization by signing a form NBA-827. Federal law permits sources with information about you to release that information if you sign a single authorization to release all your information from all your possible

sources. We will make copies of it for each source. A covered entity (that is, a source of medical information about you) may not condition treatment, payment, enrollment, or eligibility for benefits on whether you sign this authorization form. A few States, and some individual sources of information, require that the authorization specifically name the source that you authorize to release personal information. In those cases, we may ask you to sign one authorization for each source and we may contact you again if we need you to sign more authorizations.

You have the right to revoke this authorization at any time, except to the extent a source of information has already relied on it to take an action. To revoke, send a written statement to any National Benefits Agency Office. If you do, also send a copy directly to any of your sources that you no longer wish to disclose information about you; NBA can tell you if we identified any sources you didn't tell us about. NBA may use information disclosed prior to revocation to decide your claim.

It is NBA's policy to provide service to people with limited English proficiency in their native language or preferred mode of communication consistent with Executive Order 13166 (August 11, 2000) and the Individuals with Disabilities Education Act, NBA makes every reasonable effort to ensure that the information in the NBA-827 is provided to you in your native or preferred language.

The information you provide is voluntary. However, failure to provide the requested information may prevent us from making an accurate and timely decision on your claim, and could result in denial or loss of benefits.

We rarely use the information you provide on this form for any purpose other than for the reasons explained above. However, we may use it for the administration and integrity of National Benefits Agency programs. We may also disclose information to another person or to another agency in accordance with approved routine uses, including but not limited to the following:

To enable a third party or an agency to assist us in establishing rights to National Benefits Agency benefits and/or coverage; To comply with Federal laws requiring the release of information from our records (e.g., to the Government

Accountability Office, General Services Administration, National Archives Records Administration, and the Department of Veterans Affairs), To make determinations for eligibility in similar health and income maintenance programs at the Federal, State, and local level; and To facilitate statistical research, audit, or investigative activities necessary to assure the integrity and improvement of our programs (e.g., to the U.S. Census Bureau and to private entities under contract with us).

Explanation of Form SSA-827, "Authorization to Disclose Information to the National Benefits Agency (NBA)"

We need your written authorization to help get the information required to process your claim, and to determine your capability of managing benefits. Laws and regulations require that sources of personal information have a signed authorization before releasing it to us. Also, laws require specific authorization for the release of information about certain conditions and from educational sources.

You can provide this authorization by signing a form SSA-827. Federal law permits sources with information about you to release that information if you sign a single authorization to release all your information from all your possible sources. We will make copies of it for each source. A covered entity (that is, a source of medical information about you) may not condition treatment, payment, enrollment, or eligibility for benefits on whether you sign this authorization form. A few States, and some individual sources of information, require that the authorization specifically name the source that you authorize to release personal information. In those cases, we may ask you to sign one authorization for each source and we may contact you again if we need you to sign more authorizations.

You have the right to revoke this authorization at any time, except to the extent a source of information has already relied on it to take an action. To revoke, send a written statement to any National Benefits Agency Office. If you do, also send a copy directly to any of your sources that you no longer wish to disclose information about you; NBA can tell you if we identified any sources you didn't tell us about. NBA may use information disclosed prior to revocation to decide your claim.

It is NBA's policy to provide service to people with limited English proficiency in their native language or preferred mode of communication consistent with Executive Order 13166 (August 11, 2000) and the Individuals with Disabilities Education Act. NBA makes every reasonable effort to ensure that the information in the SSA-827 is provided to you in your native or preferred language.

Privacy Act Statement Collection and Use of Personal Information

Sections 205(a), 233(d)(5)(A), 1614(a)(3)(H)(i), 1631(d)(1) and 1631(e)(1)(A) of the Social Security Act as amended [42 U.S.C. 405(a), 433(d)(5)(A), 1382c(a)(3)(H)(i), 1383(d)(1) and 1383(e)(1)(A)] authorize us to collect this information. We will use the information you provide to help us determine your eligibility, or continuing eligibility for benefits, and your ability to manage any benefits received. The information you provide is voluntary. However, failure to provide the requested information may prevent us from making an accurate and timely decision on your claim, and could result in denial or loss of benefits.

We rarely use the information you provide on this form for any purpose other than for the reasons explained above. However, we may use it for the administration and integrity of National Benefits Agency programs. We may also disclose information to another person or to another agency in accordance with approved routine uses, including but not limited to the following:

1. To enable a third party or an agency to assist us in establishing rights to National Benefits Agency benefits and/or coverage;
2. To comply with Federal laws requiring the release of information from our records (e.g., to the Government Accountability Office, General Services Administration, National Archives Records Administration, and the Department of Veterans Affairs);
3. To make determinations for eligibility in similar health and income maintenance programs at the Federal, State, and local level; and
4. To facilitate statistical research, audit, or investigative activities necessary to assure the integrity and improvement of our programs (e.g., to the U.S. Census Bureau and to private entities under contract with us).

We may also use the information you provide in computer matching programs. Matching programs compare our records with records kept by other Federal, State, or local government agencies. We use the information from these programs to establish or verify a person's eligibility for Federally-funded or administered benefit programs and for repayment of incorrect payments or delinquent debts under these programs.

A complete list of routine uses of the information you gave us is available in our Privacy Act Systems of Records Notices entitled, Claims Folder System, 60-0089; Master Beneficiary Record, 60-0090; Supplemental Security Income record and Special Veterans benefits, 60-0103; and Electronic Disability (eDIB) Claims File, 60-0340. The notices, additional information regarding this form, and information regarding our systems and programs, are available on-line at www.nationalbenefitsagency.gov or at any National Benefits Agency office.

We need your written authorization to help get the information required to process your claim, and to determine your capability of managing benefits. Laws and regulations require that sources of personal information have a signed authorization before releasing it to us. Also, laws require specific authorization for the release of information about certain conditions and from educational sources.

You can provide this authorization by signing a form NBA-456. Federal law permits sources with information about you to release that information if you sign a single authorization to release all your information from all your possible sources. We will make copies of it for each source. A covered entity (that is, a source of medical information about you) may not condition treatment, payment, enrollment, or eligibility for benefits on whether you sign this authorization form. A few States, and some individual sources of information, require that the authorization specifically name the source that you authorize to release personal information. In those cases, we may ask you to sign one authorization for each source and we may contact you again if we need you to sign more authorizations.

You have the right to revoke this authorization at any time, except to the extent a source of information has already relied on it to take an action. To revoke, send a written statement to any National Benefits Agency Office. If you do, also send a copy directly to any of your sources that you no longer wish to disclose information about you: NBA can tell you if we identified any sources you didn't tell us about. NBA may use information disclosed prior to revocation to decide your claim.

It is NBA's policy to provide service to people with limited English proficiency in their native language or preferred mode of communication consistent with Executive Order 13166 (August 11, 2000) and the Individuals with Disabilities Education Act. NBA makes every reasonable effort to ensure that the information in the NBA-456 is provided to you in your native or preferred language.

Privacy Act Statement Collection and Use of Personal Information

Sections 205(a), 223(d), and 1631(d) of the National Benefits Agency Act, as amended, allow us to collect this information. Furnishing us this information is voluntary. However, failing to provide all or part of the information may prevent us from making an accurate and timely decision on your claim that could result in a denial or loss of benefits.

We will use the information you provide to determine your eligibility or continuing eligibility for benefits, and your ability to manage any benefits that you currently receive.

We may also share your information for the following purposes, called routine uses:

1. To State audit agencies for auditing State supplementation payments and Medicaid eligibility considerations;
2. To third party contacts where necessary to establish or verify information provided by representative payees or payee applicants; and
3. To Federal, State or local agencies for administering cash or non-cash income maintenance or health maintenance programs.

In addition, we may share this information in accordance with the Privacy Act and other Federal laws. For example, where authorized, we may use and disclose this information in computer matching programs, in which our records are compared with other records to establish or verify a person's eligibility for Federal benefit programs and for repayment of incorrect or delinquent debts under these programs.

A list of additional routine uses is available in our Privacy Act System of Records Notices (SORNs) 60-0089, entitled Claims Folders Systems; 60-0090, entitled Master Beneficiary Record; 60-0320, entitled Electronic Disability; and 60-0103, entitled Supplemental Security Income Record and Special Veterans Benefits. Additional information and a full listing of all our SORNS are available on our website at www.nationalbenefitsagency.gov/foia/bluebook.

NATIONAL BENEFITS AGENCY

Requesting Payment for Medical Records

The National Benefits Agency (NBA) pays for medical records or photocopies according to the fee schedule approved by the Benefits Eligibility Services of the state in which the claimant resides.

According to Treasury's EFT Rule in the Code of Federal Regulations Section 31, Part 208 (available online at http://fedpayments.gov/eft), all Federal nontax payments must be disbursed using Electronic Funds Transfer (EFT) payment methods. Therefore, vendors are required to register in the Federal Vendor Registration System (FVRS). Providing EFT information, such as banking information, ensures that payments reach vendors in a secure and timely manner. By enrolling in FVRS, NBA will automatically receive any information updates a vendor makes in FVRS. You are encouraged to register in FVRS now in anticipation of the change to EFT payments. Registration in FVRS is free of charge.

If you have not already registered in FVRS to receive your payments electronically, please see the instructions below. Step 1: Prepare to register in FVRS by locating your Taxpayer Identification Number (TIN), your business location, and your banking information. Step 3: Access FVRS at https://www.fvrs.gov/portal/public/FVRS/. Step 4: Create a FVRS User Account if you do not already have one. Step 5: Register your Entity. During your registration, you may obtain your Vendor Identification Code (VIC). Step 6: Remain in an 'active status' and update your information as needed.

For any questions regarding registration, please contact FVRS Customer Service at Federal Support Center (www.fsc.gov) Hours: 8am - 8pm (Eastern Time) US Calls: 888-555-0189 International Calls: 333-444-5555

How to Request Payment

When requesting payment, please submit a completed copy of the Claim Evidence Payment Request that was included with the original medical evidence request. You also have the option of submitting your own invoice on your office letterhead. Please remember to

You can access GPN with your user ID and password to receive the status of your payments for the past 30 days. Information is available as of the payment date. This assay utilizes recombinant type-specific antigens to differentiate HSV-1 from HSV-2 infections. A positive result cannot distinguish between recent and past infection. If recent HSV infection is suspected but the results are negative or equivocal, the assay should be repeated in 4-6 weeks. The performance characteristics of the assay have not been established for pediatric populations, immunocompromised patients, or neonatal screening.

(x)These estimates vary with age, ethnicity, family history and DRE results. ()The diagnostic usefulness of % Free PSA has not been established in patients with total PSA below 2.6 ng/mL. (+)In men with PSA above 10 ng/mL, prostate cancer risk is determined by total PSA alone.

The Total PSA value from this assay system is standardized against the equimolar PSA standard. The test result will be approximately 20% higher when compared to the WHO-standardized Total PSA (Siemens assay). Comparison of serial PSA results should be interpreted with this fact in mind.

PSA was performed using the Beckman Coulter Immunoassay method. Values obtained from different assay methods cannot be used interchangeably. PSA levels, regardless of value, should not be interpreted as absolute evidence of the presence or absence of disease.

HEMOGLOBIN A1c[1]	● 5.8	<5.7 % of total Hgb Above high normal	07/07/2023 02:37 pm

Observations	Result	Reference/ UoM	Date/ Status
Vendor note: For someone without known diabetes, a hemoglobin Alc value between 5.7% and 6.4% is consistent with prediabetes and should be confirmed with a follow-up test. For someone with known diabetes, a value <7% indicates that their diabetes is well controlled. Alc targets should be individualized based on duration of diabetes, age, comorbid conditions, and other considerations. This assay result is consistent with an increased risk of diabetes.			

Observations	Result	Reference/ UoM	Date/ Status
Currently, no consensus exists regarding use of hemoglobin Alc for diagnosis of diabetes for children.

Test Result

Value	Normal Value
Negative	Negative

NEGATIVE TEST RESULT. A negative Cologuard result indicates a low likelihood that a colorectal cancer (CRC) or advanced adenoma (adenomatous polyps with more advanced pre-malignant features) is present. The chance that a person with a negative Cologuard test has a colorectal cancer is less than 1 in 1500 (negative predictive value >99.9%) or has an advanced adenoma is less than 5.3% (negative predictive value 94.7%). These data are based on a prospective cross-sectional study of 10,000 individuals at average risk for colorectal cancer who were screened with both Cologuard and colonoscopy (Imperiale T. et al, N Engl J Med 2014;370(14):1286-1297). The normal value (reference range) for this assay is negative.

COLOGUARD RE-SCREENING RECOMMENDATION Periodic colorectal cancer screening is an important part of preventive healthcare for asymptomatic individuals at average risk for colorectal cancer. Following a negative Cologuard result, the American Cancer Society and U.S. Multi-Society Task Force screening guidelines recommend a Cologuard re-screening interval of 3 years. References: American Cancer Society Guideline for Colorectal Cancer Screening: https://www.cancer.org/cancer/colon-rectal-cancer/detection-diagnosis-staging/acs-recommendations.html.; Rex DK, Boland CR, Dominitz J K, Colorectal Cancer Screening: Recommendations for Physicians and Patients from the U.S. Multi-Society Task Force on Colorectal Cancer Screening. Am J Gastroenterology 2017; 112:1016-1030.

TEST DESCRIPTION Composite algorithmic analysis of stool DNA-biomarkers with hemoglobin immunoassay. Quantitative values of individual biomarkers are not reportable and are not associated with individual biomarker result reference ranges. Cologuard is intended for colorectal cancer screening of adults of either sex, 45 years or older, who are at average-risk for colorectal cancer (CRC). Cologuard has been approved for use by the U.S. FDA. The performance of Cologuard was established in a cross sectional study of average-risk adults aged 50-84. Cologuard performance in patients ages 45 to 49 years was estimated by sub-group analysis of near-age groups. Colonoscopies performed for a positive result may find as the most clinically significant lesion; colorectal cancer [4.0%], advanced adenoma (including sessile serrated polyps greater than or equal to 1cm diameter) [20%] or non- advanced adenoma [31%]; or no colorectal neoplasia [45%]. These estimates are derived from a prospective cross-sectional screening study of 10,000 individuals at average risk for colorectal cancer who were screened with both Cologuard and colonoscopy. (Imperiale T. et al, N Engl J Med 2014;370(14):1286-1297). Cologuard may produce a false negative or false positive result (no colorectal cancer or precancerous polyp present at colonoscopy follow up). A negative Cologuard test result does not guarantee the absence of CRC or advanced adenoma (pre-cancer). The current Cologuard screening interval is every 3 years. (American Cancer Society and U.S. Multi-Society Task Force). Cologuard performance data in a 10,000 patient pivotal study using colonoscopy as the referenced method can be accessed at the following location: www.exactlabs.com/results. Additional description of the Cologuard test process, warnings and precautions can be found at www.cologuard.com.
